

Oleo

experiences

Lurra Tour:

6€
pax

3h
duration

In the heart of Tierra Estella, ALLOTARRA offers guided tours in which you will enjoy a unique **oleotourism** experience, **visiting** areas of organic olive cultivation and **tasting** its different types of organic extra virgin olive oils and various products derived from the olive tree, rich in antioxidant polyphenols: Oleuropein, Hydroxytyrosol,...

You will experience first-hand the entire process of organic cultivation of olive trees and how oil and its by-products are obtained. The Biosasun facilities are based on the circular economy so, from beginning to end, the process differs from standard extraction processes.

Obtaining oleoproducts:

The different types of Biosasun oils: extra virgin, with olive polyphenols, truffled and other eco products: probiotics, jams, etc., can be purchased through the online store or by phone.
